Chairmans' Review

In the name of Allah, the Most Gracious, the Most Merciful!

I thank Almighty Allah for the blessings He has bestowed upon us and for giving the strength and wisdom to take meaningful business decisions during this difficult period.

Alhamdulillah, considerable recoveries have been observed in business activities across the country and the economy has started showing signs of improvement subsequent to the fall out of the Covid 19 pandemic. We continue to draw hope from the progress our nation has made overcoming many obstacles and look to the future with confidence that we too can meet the tests of time. The future as always remains volatile and not without challenges, the current geopolitical tension and uncertainty on macro level may hamper continuous improvement.

Despite the country facing an era of spiraling inflation, resulting in substantial cost increases in all areas coupled with various other economic challenges being faced due to Covid 19, the Modaraba demonstrated its resilience in the trying circumstances and successfully achieved its targets. The Modaraba managed to cash in due to a buoyant stock market resulting in considerable improvement in cash flow and realized capital gains aggregating Rs. 96 million, substantial part of which has been routed through other comprehensive income being credited to equity; which may not be evident on the face of income statement. The Modarabas performance this year is owed truly to the commitment and selfless dedication of its staff. I wish to acknowledge each and every one of our dedicated staff members, who worked with admirable determination in achieving their goals.

I am confident that despite the low kibar and sudden withdrawal of tax exemptions, the management would do its best to maximize returns for all the stakeholders.

Finally, I would like to take this opportunity to extend my sincere gratitude to all stakeholders and the management of the Modaraba for their contributions towards its road to success. The support and guidance from the SECP remained invaluable during this difficult period.

چیرمین کا جائزہ

اللہ کے نام سے جو نہایت مہربان، نہایت رحم کرنے والا ہے!

میں اللہ تعالیٰ کا ہم پر مہربانیوں اور برکتوں اور قوتوں اور صلاحیتوں کیلئے اور بامعنی کاروباری فیصلوں کی حکمتوں کیلئے جو اس نے ہمیں اس مشکل وقت کے دوران بخشی ہیں شکر بجالاتا ہوں۔

الحمد للہ، پورے ملک کے اندر کاروباری سرگرمیوں میں معقول بحالیوں کا مشاہدہ کیا جا رہا ہے اور معیشت نے کووڈ 19 کی وباء کی تباہیوں کے بعد بہتری کی علامات ظاہر کرنا شروع کر دی ہیں۔ ہم اپنی قوم کی طرف سے کئی رکاوٹوں پر قابو پاتے ہوئے ترقی کیلئے مسلسل پرامید ہیں اور مستقبل کی جانب اعتماد کے ساتھ دیکھتے ہیں کہ ہم اس وقت کی آزمائشوں پر پورا اتریں گے۔ مستقبل تو ہمیشہ ہی غیر یقینی ہوتا ہے اور چیلنجز سے مبرا نہیں ہوتا، عالمی سطح پر جاری سیاسی جغرافیائی تناؤ اور غیر یقینی صورتحال لگاتار بہتری و ترقی میں حائل ہو سکتا ہے۔

اس کے باوجود کہ ملک کو بڑھتے ہوئے افراط زر کے دور کا سامنا ہے، کووڈ 19 کی وجہ سے کئی دیگر معاشی چیلنجز کے سامنے کے ساتھ ساتھ تمام شعبوں میں لاگتوں کے اچھے خاصے اضافہ بھی نتیجتاً دیکھا جا رہا ہے، مضاربہ نے ان کشمکش کے حالات میں بھی اپنی قوت و طاقت کا مظاہرہ کیا ہے اور اپنے اہداف کامیابی سے حاصل کر لئے ہیں۔ مضاربہ نے نقد بہاؤ میں معقول بہتری کے نتیجے میں پرجوش اسٹاک مارکیٹ کے سبب نقد رقوم کو منظم کیا اور مجموعی طور پر 96 ملین روپے کے سرمائے کے حصول کو حقیقت بنایا، جس کا کچھ حصہ آمدن کے دیگر جامع ذرائع پر لگا کر حصص میں جمع کیا جا رہا ہے، جو کہ آمدن کے گوشوارے کے اوپر عیاں نہیں ہو سکتا ہے۔ اس برس مضاربوں کی کارکردگی حقیقی روپ سے اس کے عملے کے عزم اور بے لوث لگن کی مرہون منت ہے۔ میں اپنے عملے کے سرشار ارکان میں سے ہر ایک کو سراہتا ہوں جنہوں نے ان کے اہداف کے حصول میں قابل تحسین عزم و ہمت کے ساتھ خدمات انجام دیں۔

میں پر اعتماد ہوں کہ کمتر کائی بور اور ٹیکس چھوٹ کو اچانک واپس لینے کے باوجود، مینجمنٹ نے تمام اسٹیک ہولڈرز کیلئے زیادہ سے زیادہ منافع کیلئے بہترین کام کریں گے۔

آخر میں اس موقع کو غنیمت جانتے ہوئے میں مضاربہ کے تمام متعلقین اور انتظامیہ کو اس شاہراہ کامیابی کی طرف لے جانے کے لئے انکے کردار پر دل کی گہرائیوں سے شکریہ ادا کرنا چاہتا ہوں۔ اس مشکل گھڑی میں ایس ای سی پی کی مدد اور رہنمائی گراں انمول ہی رہے گی!

REVIEW OF OPERATIONS:

During the year, Modaraba's income increased by 39% from Rs. 38.29 million to Rs. 52.90 million. Main reason for an increase was due to an increase in realized gains on investments from Rs. 1.39 million to Rs. 17.97 million.

The unrealized gains have also improved from Rs. 0.55 million to Rs. 19.67 million. The expenses reduced by 7% from Rs. 41.00 million to Rs. 38.39 million. The Modaraba posted a net profit of Rs. 29.65 million as compared to a net loss of Rs. (2.80) million in the same period of last year.

EPS of the Modaraba was Rs. 0.84.

In addition to the net profit of Rs. 29.65 million, the modaraba realized significant capital gains of Rs. 78.16 million, which is not reflected in the Profit and Loss Account due to the accounting treatment as per IFRS 9 and is routed through other comprehensive income to equity. Due to the capital gains, accumulated losses of Rs. 63.11 million have been fully settled leaving the Modaraba with an accumulated profit of Rs. 38.77 million.

FUTURE OUTLOOK :

With no accumulated losses and significant cash inflows, the Modaraba is expected to perform better in future; however, the withdrawal of tax exemption will have a negative impact on the profitability of the Modaraba.

Despite withdrawal of tax exemptions, the management is committed to taking all possible steps in order to maximize the returns for its certificate holders.

آپریشنز کا جائزہ

دوران سال، مضاربہ کی آمدن 38.29 ملین روپے سے بڑھ کر 52.90 ملین روپے ہو گئی جو کہ 39 فی صد زیادہ ہے۔ اس اضافے کی بنیادی وجہ سرمایہ کاریوں پر اصل منافع جات میں اضافہ تھا جو کہ 1.39 ملین روپے سے بڑھ کر 17.97 ملین روپے ہو گئے تھے

غیر حقیقی آمدن بھی 0.55 ملین روپے سے بڑھ کر 19.67 ملین روپے ہو گئے۔ اخراجات 7 فی صد کی کمی کے ساتھ 41.00 ملین روپے سے گھٹ کر 38.39 ملین روپے ہو گئے۔ مضاربہ نے پچھلے سال کے اسی عرصے میں 2.80 ملین روپے کا خالص خسارہ کیا تھا جس کے مقابلے میں اس سال 29.65 ملین روپے کا خالص نفع درج کیا ہے۔

مضاربہ کا ای پی ایس 0.84 روپے تھا۔

29.65 ملین روپے کے خالص نفع کے علاوہ، مضاربہ نے 78.16 ملین روپے کا اچھا خاصا سرمایہ حاصل کر لیا ہے، جو کہ نفع و نقصان کھاتے میں ظاہر نہیں کیا گیا ہے جس کی وجہ آئی ایف آر ایس 9 کے مطابق اکاؤنٹنگ برتاؤ ہے اور اسے دیگر جامع آمدن کیلئے حصص کے ذریعے پیچھے ہٹا دیا گیا ہے۔ سرمائے کے حصول کی وجہ سے، 63.11 ملین روپے کے جمع شدہ خسارے مکمل طور پر صاف ہو گئے جس سے مضاربہ کے پاس 38.77 ملین روپے کے جمع شدہ منافع جات رہ گئے۔

مستقبل کی توقع

بنا کسی جمع شدہ خساروں اور اچھے خاصے نقد بہاؤ کے ساتھ، مضاربہ توقع رکھتا ہے کہ مستقبل میں بہتر کارکردگی کا مظاہرہ کرے گا، تاہم ٹیکس استثناء کے واپس ہوجانے سے مضاربہ کے منافع پر منفی اثرات مرتب ہوں گے۔

ٹیکس استثناء کے خاتمے کے باوجود، مینجمنٹ اس کے سرٹیفکیٹ ہولڈرز کیلئے زیادہ سے زیادہ منافع کی غرض سے تمام ممکنہ اقدامات کے لئے پرعزم ہے۔

The Modaraba is listed on Pakistan Stock Exchange.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act 2017;

Provisions of and directions issued under the Companies Act 2017;

Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulation for Modarabas; and

Where the provisions of and directives issued under the Companies Act, 2017, the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulations for Modarabas differ from IFRS Standards and IFAS, the provision of and directives issued under the Companies Act, 2017 the Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulations for Modarabas have been followed.

The SECP has issued directive (vide SRO 431(1)/2007 dated May 22, 2007) that Islamic Financial Accounting Standard 2 (IFAS - 2) shall be followed in the preparation of the financial statements by Companies and Modarabas while accounting for lease financing transaction as defined by the said standard. The Modaraba has adopted the said standard.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for the measurement at fair value of certain financial instruments in accordance with the requirements of IFRS - 9 "Financial Instruments", wherever applicable.

Permissible Islamic financial products including Murabaha (as a liability) and Musharakah have been used by the Modaraba, in line with similar industry practices. The accounting and presentation of the same are in line with the substance of the transaction and are limited to the extent of actual amount of facility utilized and mutually agreed mark-up / profit thereon. Accordingly, purchases, sales and Musharakah profits / reserves are not reflected in these financial statements except for Murabaha facility (as an asset) which has been accounted for in line with Islamic Financial Accounting Standard - 1.

2.3 Functional and presentation currency

These financial statements have been presented in Pakistani Rupee, which is the functional and presentation currency of the Modaraba.

3. NEW STANDARDS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

First UDL Modaraba

Notes to the Financial Statements

for the year ended June 30, 2021

3.1 Standards and amendments adopted during the current year

There are certain other new standards, interpretations and amendments that are mandatory for the Modaraba's accounting period beginning on July 1, 2020, but are considered either to be not relevant or to not have any significant effect on the Modaraba's operations and are, therefore, not detailed in these financial statements.

3.2 Standards not yet effective

The following standards and amendments are only effective for accounting period, beginning on or after the date mentioned against each of them.

Standard	Effective Date (Annual periods beginning on or after)
IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2023
IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2023
IAS 12 - 'Income taxes' (amendment)	January 1, 2023
IFRS 16 - 'Leases' (amendment)	April 1, 2021

These amendments may impact the financial statements of the Modaraba on adoption. The Management Company is in the process of assessing the impact of these amendments on the financial statements of the Modaraba.

IFRS 9 'Financial Instruments' was applicable effective from July 01, 2018. However, the SECP deferred the applicability of IFRS 9 for provision against Islamic financings made by Modaraba in the financial statements for the year ended June 30, 2019 and required the Modaraba to follow all other requirements of IFRS 9. Accordingly, the Modaraba adopted all requirements of IFRS 9 but determined the provision in respect of financings as per the requirements of the Prudential Regulations in June 30, 2019. During the year, the SECP has deferred the applicability of IFRS-9 for Modarabas upto June 30, 2022. However, as mentioned above, the Modaraba had already adopted all other requirements of IFRS 9 except for provision against Islamic financings. Therefore, the Modaraba has continued same practice during the current year as well.

4. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Modaraba's accounting policies. Estimates and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future period effected. In the process of applying the Modaraba's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

	Note
- Useful lives, pattern of flow of economic benefits and impairment of fixed assets	5.1
- Classification and valuation of investments	5.4
- Provisions against non-performing financing	5.13
- Provision for taxation	5.14

5. SIGNIFICANT ACCOUNTING POLICIES

5.1 Fixed assets - tangible

Assets in own use

These are stated at cost less accumulated depreciation. Depreciation is charged to profit and loss account applying the reducing balance method. In respect of depreciation on additions is charged from the month during which the asset is put to use. For disposals during the year, depreciation is charged up to the month preceding the month of disposal. Maintenance and normal repairs are

Notes to the Financial Statements

for the year ended June 30, 2021

charged to income as and when incurred. Major renewals and improvements are capitalized if the recognition criteria are met. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each year end.

Assets leased out under Ijarah

Ijarah financing assets are stated at cost less accumulated depreciation. Depreciation is charged to profit and loss account applying the straight line method whereby the cost of an asset less salvage value is written off over the lease financing period, which is considered to be the estimated useful life of the asset. In respect of additions and disposals during the year, depreciation is charged proportionately from the date of delivery of assets to the date of its maturity / termination. At the end of the lease financing period, asset is transferred to the customer.

Gain or loss on disposal

Gain or loss on disposal of assets, if any, is recognized as and when incurred.

Impairment

The Modaraba assesses at each balance sheet date whether there is any indication that assets excluding inventory may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where the carrying value exceeds the recoverable amount, assets are written down to the recoverable amount and the difference is charged to the profit and loss account.

5.2 Intangible assets

These are stated at cost less accumulated amortization and impairment, if any.

Amortization is charged to profit and loss account applying the straight line method whereby the cost of an asset is written off over its estimated useful life. In respect of additions and disposals during the year, amortization is charged proportionately for the period of use.

Impairment

The Modaraba assesses at each balance sheet date whether there is any indication that intangible assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where the carrying value exceeds the recoverable amount, intangible assets are written down to the recoverable amount and the difference is charged to the profit and loss account.

5.3 Assets held for sale

Assets held for sale are classified as held for sale if their carrying amounts will be recovered principally through sale rather than through continuing use. Such assets are measured at the lower of their carrying amount and fair value less costs to sell. Investment property and fixed assets once classified as held for sale are not depreciated.

5.4 Financial instruments

5.4.1 Initial recognition and measurement

Financial assets and liabilities, with the exception of bank balances, loans and advances to employees are initially recognised on the trade date, i.e., the date that the Modaraba becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Bank balances and loans and advances to employees are recognised when funds are transferred to the banks / employees.

All financial instruments are measured initially at their fair value plus transaction costs, except in the case of financial assets and financial liabilities recorded at fair value through profit or loss.

Notes to the Financial Statements

for the year ended June 30, 2021

The Modaraba classifies its financial assets into following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortised cost.

Financial assets

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair FVOCI and FVTPL.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Modarabas business model for managing them.

i) Financial assets measured at amortised cost

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

ii) Financial assets measured at FVTPL

A financial asset is measured at FVPL if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and profit on the principal amount outstanding; or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- (c) At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

iii) Financial assets measured at FVOCI

Debt instrument

The Modaraba measures debt instruments at FVOCI if both of the following conditions are met:

- (a) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- (b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

For debt instruments at FVOCI, profit income, foreign exchange revaluation and impairment losses or reversals are recognised in the profit and loss account and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in Other Comprehensive Income. Upon derecognition, the cumulative fair value change recognised in Other Comprehensive Income is recycled to profit and loss account.

Equity instrument

Upon initial recognition, the Modaraba can elect to classify irrevocably its equity investments as equity instruments designated at FVOCI when they meet the definition of equity under IAS 32 - 'Financial Instruments: Presentation and are not held for trading'. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit and loss account. Dividends are recognised as other income in the statement of profit and loss account when the right of payment has been established, except when the Modaraba benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in Other Comprehensive Income.

Notes to the Financial Statements

for the year ended June 30, 2021

Impairment of financial assets

Provision for non-performing Islamic financing is made in accordance with the Modaraba Regulation 2021 for modarabas issued by SECP vide SRO 284 (I) / 2021 dated March 05, 2021 and is charged to profit and loss account. The management also evaluates the Islamic financing receivable subjectively to further down-grade if required. Furthermore, the management has made an assessment of impairment under expected credit loss model of IFRS 9 for financial assets other than financing assets and concluded that impact is not material to the financial statements.

Financial liabilities

Financial liabilities measured at amortised cost

This category includes all financial liabilities, other than those measured at fair value through profit or loss.

5.4.2 Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Modaraba has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Modaraba has:

- (a) transferred substantially all of the risks and rewards of the asset; or
- (b) neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Modaraba has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement), and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Modaraba's continuing involvement in the asset. In that case, the Modaraba also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Modaraba has retained. The Modaraba derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

Any gain or loss on arising on derecognition is charged to Profit and Loss Account.

5.4.3 Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to set-off the recognized amounts and the Modaraba intends to either settle on a net basis, or to recognize the asset and settle the liability simultaneously.

5.5 Diminishing musharaka financing and ijarah rental receivables

These are stated net of provision and suspense income. Provision is recognized in accordance with the Modaraba Regulations, 2021 for Modarabas. Bad debts are written-off when identified.

5.6 Deposits, advances, prepayments and other receivables

These are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

5.7 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash at bank and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Notes to the Financial Statements

for the year ended June 30, 2021

5.8 Certificate capital and earning per certificate

The Modaraba presents basic and diluted earnings per certificate data for its ordinary certificates. Basic earning per certificate is calculated by dividing the profit or loss attributable to ordinary certificate holders of the Modaraba by the weighted average number of certificates outstanding during the year. Diluted earning per certificate is determined by adjusting the profit or loss attributable to ordinary certificate holders and the weighted average number of ordinary certificates outstanding for the effects of all dilutive potential ordinary certificates.

Ordinary certificates are classified as equity and are recorded at their face value. Incremental costs directly attributable to the issue of new certificates or options are shown in equity as a deduction, net of tax, from the proceeds.

5.9 Retirement benefits

The Modaraba also operates an approved funded contributory provident fund scheme for all its employees who are eligible under the scheme. Equal monthly contributions at the rate of 10 percent of basic salary are made by both Modaraba and its employees.

5.10 Accrued and other payables

Liabilities for accrued and other payables are measured at cost which is the fair value of the consideration to be paid in future for goods and services.

5.11 Contingencies

Contingencies are disclosed when Modaraba has possible obligation that arises from past event and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of entity, or a present obligation that arises from past event but is not recognised because it is not probable that an outflow of recourse embodying economic benefit will be required to settle the obligation or, when amount of obligation cannot be measured with sufficient reliability.

5.12 Revenue recognition

- Ijarah income is recognized on an accrual basis.
- Profit on Diminishing Musharakah is recognised as and when profits become due on a systematic basis over the term of Diminishing Musharakah period.
- Rental income from is recognized on a straight line basis over the term of the lease.
- Dividend income is recognized when the right to receive the payment is established.
- Gains or losses arising on sale of investments are taken to income in the period in which they arise.
- Return on investment and deposits with banks are recognized on an accrual basis.

5.13 Provisions

Provisions are recognized when the Modaraba has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

The amount recognised as provision is the best estimate of consideration required to settle the present obligation at end of reporting date, taking into account the risk and uncertainties surrounding the obligation.

5.14 Taxation

Current

Provision for current taxation is based on taxable income for the year at the current rates of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. The income of non-trading modarabas is exempt from tax provided that not less than 90% of their profits for the year as reduced by amount transferred to amandatory reserve as required under the provisions of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) are distributed to the certificate holders. As the mobarba intends to distribute 90% of its profits, no provision for current tax is made in these financial statements.

The tax exemption by virtue of Clause 100 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 has been withdrawn through an amendment dated March 21, 2021 which is subsequently adopted in Finance Act, 2021. But a new section 242 has been added in the Income Tax Ordinance, 2001 through Finance Act, 2021 by virtue of which, the Modaraba may avail the exemption till June 30, 2021 subject to the fulfillment of condition that not less than 90 percent of its total profits,

Notes to the Financial Statements

for the year ended June 30, 2021

as reduced by the amount transferred to the mandatory reserve, as required under the provisions of Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, are distributed amongst the certificate holders.

Deferred

Deferred tax is recognised, using the balance sheet liability method, on all major temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognised for all taxable temporary differences.

As referred above, tax exemption for modarabas has been withdrawn from July 01, 2021. Accordingly, the modaraba is also subject to deferred tax. However, the management company believes that the temporary differences arising on assets and liabilities are not material to the overall context of the financial statements. Therefore, no provision in respect of deferred tax is required as of June 30, 2021.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position.

5.15 Profit distribution and other appropriations of profit

Profit distribution and other appropriations of profit are recognized in the year in which these are approved. Transfer to statutory reserve and any of the mandatory appropriations as may be required by law are recognized in the period to which these relate.

5.16 Segment reporting

Segment reporting is based on the operating (business) segments of the Modaraba. An operating segment is a component of the Modaraba that engages in business activities from which it may earn revenue and incur expenses. An operating segment's operating results are reviewed regularly by the Board Committee of the Modaraba to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Notes to the Financial Statements

21.3 Certain Modarabas received a notice wherein the Sindh Revenue Board (SRB) has advised the Modaraba to pay off all its liabilities falling due under the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act). As per SWWF Act, Workers' Welfare Fund (WWF) levy is required to be paid on total income accruing after December 31, 2013. As the Management Company has a reason to believe that till the time there is any mechanism available for the apportionment of the total income relevant to the province of Sindh, no SWWF liability to SRB can be paid out. However, the management has recognized the provision in respect of SWWF with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015) considering it as prudent.

21.4 The Management Company is entitled to a remuneration for services rendered to the Modaraba under the provisions of the Modaraba Companies and Modarabas (Floatation and control) Ordinance, 1980 upto maximum 10% per annum of the net annual profits of the Modaraba. Accordingly, the management fee for the year ended June 30, 2021 has been recognized at 10% of profit for the year.

The SRB imposed Sindh Sales Tax (SST) on the Management Company's remuneration with effect from November 01, 2011. However, certain Modaraba management companies have approached the Honorable Sindh High Court (the Court) and Appellate Tribunal of SRB, Challenging the levy of SST on management Company's remuneration. The Management Company has not received any demand notice from SRB for payment of SST on such remuneration. However, as the matter of abundant caution the management is accruing SST on Management Company's remuneration and will discharge the liability on direction of the Court based on outcome of the petition filed by other modaraba management companies.

Fair value sensitivity analysis for variable rate instruments

An increase of 100 basis points in profit rates would have increased / decreased the profit and loss by the amounts shown below. Reduction in profit rates by 100 basis points would have a vice versa impact. This analysis assumes that all variables remain constant. The analysis is performed on the same basis for the comparative period.

Asset / liability class (Having variable profit rates)	(Increase / Decrease) (+/-)	Changes in profit / (loss)	
		2021 ← Rupees →	2020
Assets			
Diminishing Musharaka financing	100 basis points	1,339,340	452,401
Islamic deposits	100 basis points	951,317	515,638
Liabilities			
Diminishing Musharaka financing	100 basis points	-	15,677

Above sensitivities are calculated on the assumption that all factors remain constant except profit rates and resulting variation in fair values of the subjugated investments and impact on the profit and loss.
